

ABOUT BURRO

Founded in Koforidua in 2008, Burro is committed to bringing you high-quality, affordable tools to build a better life.

If it doesn't help you to earn more or to save more, you won't find it with Burro.

Check out our latest offerings and you'll see why at Burro we say DO MORE.

SUPERIOR SERVICE & SUPPORT

We stand behind every Burro product and want you to be completely satisfied with your decision to buy Burro.

Most Burro products offer a 30 day money-back promise and a one year warranty ¹.

If you are ever dissatisfied with any Burro product for any reason, please call us on 0.50.60.70.555 and let us know. We will work with you to make it right.

EASY TO BUY

Burro resellers are located in major cities across Ghana.

If your favourite shop doesn't already carry Burro products, please call or text on 0.50.60.70.555 and we'll get you connected.

DEALER OPPORTUNITIES

Burro welcomes qualified dealers. Opportunities remain in several regions. Call or text 0.50.60.70.555 or email dealer@burrobrand.biz

Have an idea for something that would make your life better? Please let us know. Burro wants to hear from you. Email ideas@burrobrand.biz

BATTERIES & CHARGERS

Better Batteries, Lower Cost

Burro began its business with a better battery at a lower cost and continues to offer the best value in quality AA alkaline and rechargeable batteries.

Burro Rechargeable Batteries are the best choice for regular usage of power-hungry devices. Invest in rechargeables now for maximum savings over time.

Choose Burro Alkaline Batteries for dependable power at low, up-front cost. They hold their charge for years and perform like top global brands at about half the cost.

Solar Gensets

If you need mains output for lights, fans, TVs, refrigerators and more, Burro Solar Gensets make high-powered solar easy. And with solar, you'll leave behind the on-going fuel and maintenance expenses, smell, and noise of petrol and diesel generators.

- Run televisions, computers, fans, and more with clean, silent, 220 volt output from the sun
- Self-contained, well-matched system includes everything you need to get going with solar easily
- Portable design lets you take power on the go
- Charge in one day of full sun with included panels, or even more quickly from mains power (Plus and Pro models only)
- Large, internal batteries run bigger loads for hours
- Digital control panel monitors and protects system health
- True sine-wave inverter provides cleaner output power to safely run more devices than cheap competitors
- Expandable with easy add-on batteries and panels
- 1 year warranty¹
